## VILLA LAYS DOWN LAW

Won't Permit Permanent Carranza Leadership

THOUGHT HE COULD BE A CANDIDATE

However, if Chosen, He Must Not Succeed Himself

Washington, Aug. 27.—While President Wilson and administration officials are confident that differences between Carranza and Villa will be settled without recourse to arms, details of the position assumed by General Villa, as reaching here in official reports, show that the fighting general plans to insist on the elimination of Carranza from permanent power in the new Mexican administration.

General Carranza has sent one of his

## RESINOL MAKES ECZEMA VANISH

Stops Itching and Burning Instantly.

There is immediate relief for skins itching, burning and disfigured by eczema, ringworm, or other tormenting skin trouble, in a warm bath with Resinol Soap and a simple application of Resinol Ointment. The soothing, healing Resinol balsam sink right into the skin, stop itching instantly, and soon clear away all trace of eruption, even in severe and stubborn cases where other treatments have had no effect. After that, the regular use of Resinol Soap is usually enough to keep the skin clear and healthy.

Resinol Ointment (50c and \$1.00) and Resinol Soap (25c), are also speedily effective for pimples, blackheads, dandruff, sores and many forms of piles. Prescribed by doctors for the past nineteen years, and sold by all druggists. For trial free, write to Dept. KK, Resinol, Baltimore, Md. Buy in the original blue package and avoid the inferior substitutes which a few unscrupulous dealers try to sell to make a few cents more profit at your expense.

## REVISING WAR RISK BILL

Conference Considers Some Important Amendments

MORE THAN AN EMERGENCY MEASURE

Wheat Takes a High Jump in the Chicago Market

Washington, Aug. 27.—Conferees between members of the House and Secretary of the Treasury McAdoo over the war risk insurance bill, now pending before the House have resulted so far in the probability that important amendments will be offered to the measure radically changing its avowed purpose as a purely emergency measure. These amendments will give the government the power to make rates and to carry on a marine insurance business if it deems it advisable after the conclusion of the war. Representative Lewis of Maryland, the author of the first war risk bill before the House, has had assurance from Mr. McAdoo that some changes in this direction will be supported by the administration on the ground that it is not just to the government merely to take a risk which private capital will not take and then step out entirely. Representative Lewis advocates an amendment allowing the president to discontinue the proposed bureau of marine insurance if on experience it is found that it is not a practicable scheme. The war risk insurance bill is ready to come up before the House to-day.

## WAR REVENUE TAX IS CERTAIN

Democrats Decide Not to Wait Until After Election and the President Is Preparing to Make Recommendations.

Washington, Aug. 27.—The imposition of a war revenue tax will be taken up for active consideration by Congress without much further delay. This opinion was voiced yesterday in responsible quarters. The treasury department looks for the subject to be taken up within a week.

This probably means that the attempt to defer legislation until after election in order to prevent the voters from expressing their objections to a war tax by voting against Democratic candidates for Congress will be dropped. The president is expected, within a short time, to make his recommendations to Congress respecting a war tax. The ways and means committee is prepared for prompt action and the finance committee is merely holding back for the ways and means committee. An element of the Democrats, however, is as unwilling as ever to impose a war tax before the election.

## WHEAT UP 8 CENTS.

A Decided Advance in Price in the Chicago Pit.

Chicago, Aug. 27.—Excited by predictions that the European war would be long drawn out, the wheat market soared yesterday and a half hour before the close was 7 to 8 cents higher than Tuesday's close.

December wheat sold at 115 and that for delivery next May at 121½.

The close was only 2½ cents under the top.

## STEEL SHIPS IDLE AT GREAT EXPENSE

Protest from the Corporation Read in the House—Commerce Department Assailed for Inaction.

Washington, Aug. 27.—A protest from the United States Steel Corporation that its ships were lying idle at great expense while new shipping regulations by the department of commerce are awaited under the new shipping law was read in the House yesterday by Republican leader Mann, who assailed the department for its inaction. The company has announced its intention of putting its fleet under the American flag.

## Barre's Reply

Barre Accepts the Evidence and Many Barre Readers Will Profit by It.

Which is the more weighty proof—a few words from a Barre resident, whom we know and respect, or volumes from strangers in distant towns? There can be only one reply.

George L. Cummings, 125 Prospect street, Barre, Vt., says: "I had a constant, dull ache in the small of my back. I was bothered by kidney weakness. Doan's Kidney Pills, procured at Drown's drug store, cured these troubles and there has been only two slight return attacks. At such times, I have taken a few doses of Doan's Kidney Pills and have found prompt relief."

## A Later Statement.

When Mr. Cummings was interviewed on August 21, 1912, he said:

"I still use Doan's Kidney Pills and they do me much good. I gladly confirm my former statement."

## SEASONABLE MENUS FOR HOUSEWIVES

Difficult Three-Meal-a-Day Problem to Be Discussed Helpfully

AT DAILY TIMES HOME ECONOMICS SCHOOL

Miss Hanko Will Give Away Beautiful Cakes—First Session to Be Held Monday day in Howland Hall

Miss Emma Hanko, the domestic science lecturer and expert cook, who will have charge of The Daily Times Home Economics school in Howland hall next week, will suggest and demonstrate many seasonable menus. She realizes that the three-meal-a-day problem is one of the most difficult and tiresome to be solved by housewives, and she has pursued this problem to a practical and interesting solution. She will explain just what is meant by balanced menus and give a great deal of information about food values that will enable women to more easily plan wholesome and economical and at the same time enjoyable meals for their families.

She will tell about cakes, icing and filling and cake decorations. She will make cakes without butter and has one recipe which calls for neither butter, eggs nor milk, yet producing a most excellent cake. None of Miss Hanko's recipes require expensive ingredients and all of

MISS EMMA HANKO

them have been tested and found to be perfectly reliable and if followed accurately are sure to produce successful results. She will demonstrate many substantial foods interesting to the women who have hungry children to cook for and will also suggest many dainty concoctions in the line of pastries, salads and desserts. One of her most unique desserts is that of baked ice-cream, which she will demonstrate at the evening session on Tuesday. She will take up the big question of spices and seasonings and will also show how much the art of cooking a tempting and appetizing meal depends on garnishing. She will give attention to the chemistry of cooking and discuss this in a practical and entertaining manner. In all of Miss Hanko's lectures, she avoids the use of technical terms and discusses matters interesting to housewives in just such simple, every-day language as they themselves use.

## Makes Beautiful Cakes.

Miss Hanko will discuss everything pertaining to the care of the house, and her lecture course will be a comprehensive one, interesting to every class of housekeeper and cook. She will begin at the very bottom and teach the fundamental principles of cookery in such a manner as to be constructively helpful to the beginner and interesting and entertaining to the most scientific cook in her audience.

She has many new ideas for the woman who has already achieved the distinction of being a good cook, ideas in regard to garnishing and serving and the attractive arrangement of foods for simple as well as elaborate occasions. She is an artist in the matter of cake decoration and has taken additional instruction along this line in her course at Columbia during the past summer. She makes very beautiful cakes covered with flowers, in all of their natural shapes and colors, and a number of these will be given away to the women who attend her classes. She will teach how to eliminate waste and how to convert sundry left-overs into various attractive and appetizing dishes.

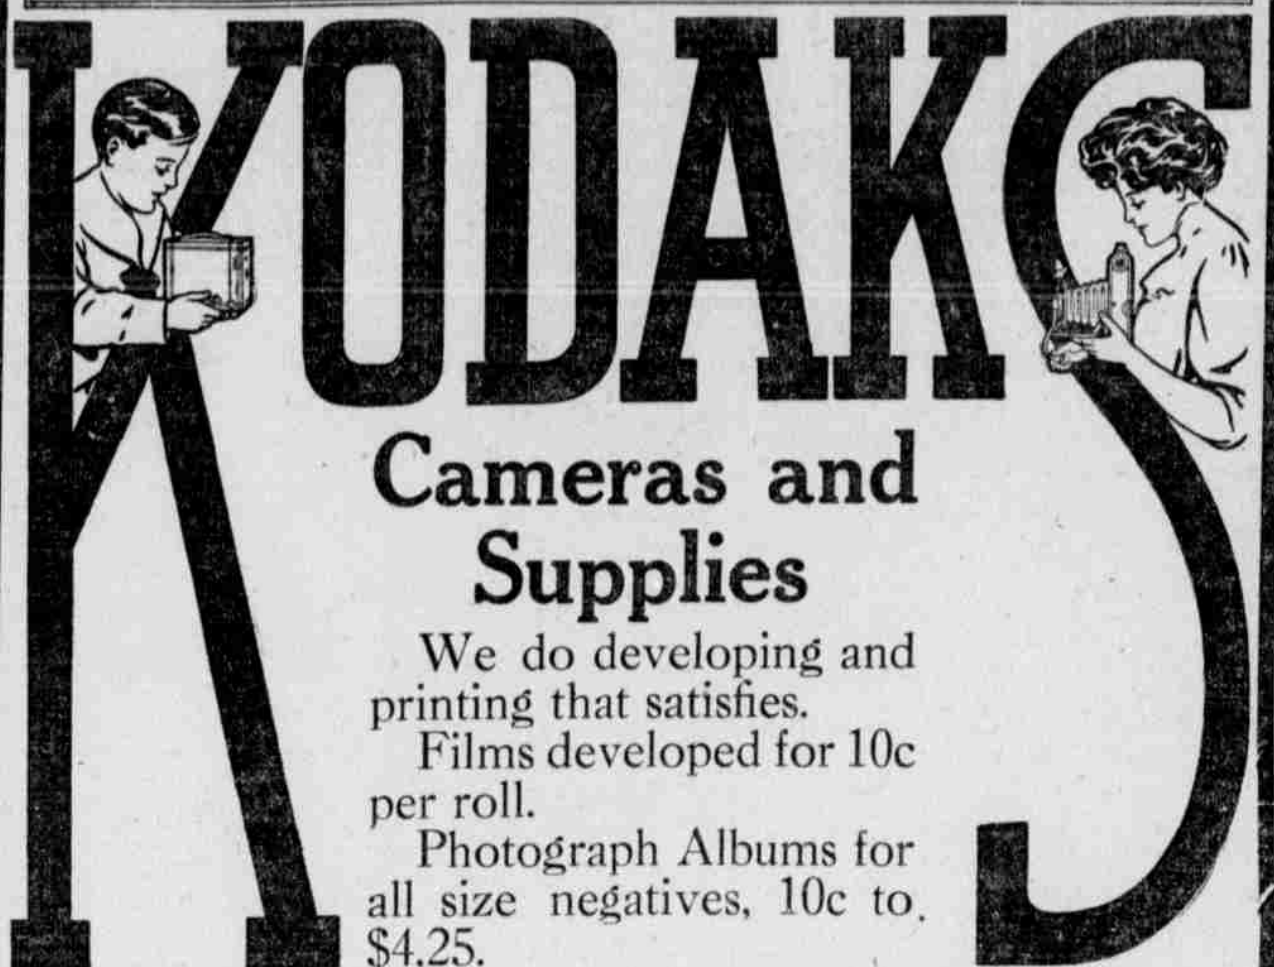

## School Is for All.

The Daily Times Home Economics school in Howland hall is for every woman in Washington county who is interested in better foods and better homes, and Miss Hanko will conclusively show the appropriateness of this combination of phrases. The school is to be entirely free not only from expense, but from any red-tape regulations which might make it difficult for some women to attend. No tickets will be required
